We been razzlin' around with a prob-
lem since the Democratic Primary in
Texas. We have made it a policy to
never endorse a candidate in the
columns of the Weekly Livestock
Reporter. We have the idea of two
simple questions. First we don't feel we
have any right to try to steer voters
one way or the other, other than to
carry news items concerning what
candidates stand for and say we feel the
voters ought to be able to make a decision
without any interference from us. The
other reason is that we have
discovered, based on past experience,
that in all too many cases after we went
to bat for a politician it was not very
long before we regretted it and were in
the mood to organize a posse and tar
& feather and ride the politician outta
town on a rail at the very least.
However, in the recent Democratic
voting we see where the "Name Game"

Windy Ryon Memorial Roping June 3 & 4

The annual Windy Ryon Memorial Roping
to benefit the American Heart
Association. The invitation-only event
is set for Saturday and Sunday, June
3 and 4, 1:30 p.m. "rain or shine", at
the Windy Ryon Memorial Arena,
intersection of Loop 820 and Highway
287, just north of Fort Worth, Texas.
Top ropers from across the nation
will compete in calf roping on
Saturday and steer roping on Sunday.
Featured on Saturday will be a \$2,500
matched roping - winter take all -
between Phil Lyne and Gary Ledford.
Texas-style barbecue and refresh-
ments will be available on the
grounds.

Staged in the memory of Don J.
"Windy" Ryon, the roping has raised
over \$80,000 for the American Heart
Association over the past four years.
Ryon was well known in rodeo circles
and in the western retailing industry.
He died of a heart attack in 1973.
For more information, contact the

Replacement Cattle Ruled \$1-\$5 Higher During Past Week

Kansas City, May 26 (USA) - Na-
tional Feeder Cattle and Calf Sum-
mer sale, held at the Kansas City
stockyards, reported that this week
\$20,000 last week; 176,000 last year. An
increased movement of feeder cattle
and calves moved out from 1,000-5,000
higher across the country. Not only
have some growers and graders de-
cided to sell part of their current supply,
but there is increased activity on the
forward contracting of yearlings and to
some extent calves. Many cowmen, who
tract heretofore, have drawn back and
are re-evaluating the situation in light
of the rapid price advance of recent
weeks.

Last year at this time, sellers were
struggling for 50,000 steer calves in the
Midwest and 35,000 in the Rockies;
presently choice, 300-400 lb. steer
calves are reaching for 70.00 in the
Midwest and 65.00 in the Rockies.
Likewise, 32.00 for 300-400 lbs. in the
Southeast.

Some fall contracts on choice and
prime steer calves have reached 70.00
and Wyoming reporting a string of
steer and heifer combined at 70.00. All
of this has been generated by the grow-
ing price of finished cattle which
evidently are in current to near short
supply at the present time. Interesting
factors that will bear watching will be
the effect of hot weather on beef pro-
duction and consumption and par-
ticularly the calf crop report issued in
July.

Armstrong Warns Cattlemen of Need to Watch Livestock Closely, Gather the Worm Samples to Prevent Spread

Kingsville - The president of Texas
and Southwestern Cattle Raisers
Association recently called on Texas
livestock owners to do all in their power
to aid the Screwworm Eradication Pro-
gram. "If we don't," warns John Arm-
strong, "there are indications Texas
ranchers will be battling a severe
screwworm population in the Lone Star
State within a few weeks."

"Screwworms have been detected in
widely separated parts of the state, out-
side the sterile fly release area," says
Armstrong. Indirect evidence shows
that many unknown cases exist in the
areas in between. "The also known are
probably only the tip of the iceberg,"
warns the head of Texas' oldest and
best known livestock producer's
association.

In late April, screwworms were
found in a wound in a horse in Hudspeth
County, about 50 miles east of El Paso.
In early May screwworms were taken
from the navel of a calf near Maria, in
Pecos County.

The third week of May brought lab
identification of screwworms from two
widely separated cattle in Coleman
County. Some people with known screw-
worm cases in their livestock are continuing
to castrate with reckless disregard,
without taking precautions against
screwworm infestation.

"If apathy on the part of livestock
owners continues - man-made wounds,
non-treatment of existing wounds, non-
reporting of cases - we're in for a bad
time," says the Kleberg County ran-
cher.

"Sterile flies cannot win the battle
alone, especially if they aren't put on
the battleground."

Fed Cattle Higher at Major Markets Monday, Hogs Uneven, Mostly Higher

Among the major terminal markets
on Monday following the long holiday
week, most markets found them-
selves in need of slaughter cattle and
fed steers and heifers were unevenly
to sharply higher. Cows were firm at
most points, some spots showing ad-
vances of declines. Hog prices were
higher at most markets with one or two
exceptions. Price trends, quotations on
choice and prime steers and heifers and
the mixed good and choice grades and
the US 1-3 hogs scaling mostly 200 to
280 pounds included:

Omaha steers 60" to \$1 higher, heifers
\$1 to \$1.25 higher. Steers 61" to \$1.50
and \$68.50 to \$71, heifers \$58 to \$60.25
and \$55.50 to \$58. Hogs lost in tele-
type. Sioux City steers and heifers 60"
to \$1 higher. Steers \$61 to \$62.75
and \$69.00 to \$81.75, heifers \$58 to \$60
and \$56 to \$58. H/ 60" lower at \$48.50
to \$51.25.
Joint steers 1" to \$1 up, heifers 75"
to \$1 higher. Steers \$60 to \$62.50 and
\$58.50 to \$60; heifers \$58 to \$60 and
\$55.50 to \$58. Hogs 60" to \$1 higher
and \$55.50 to \$58. Hogs 60" to \$1 higher
and \$55.50 to \$58.

St. Louis fed cattle \$2.50 to \$3 high-
er. Steers \$58.50 to \$61.25 and \$55.50
to \$58.50; heifers \$56 to \$59 and \$54.50
to \$56.50. Hogs 60" to \$1.25 higher at
\$49 to \$51.75. St. Joseph fed cattle
\$3 to \$4 higher. Steers \$60 to \$62.50
and \$58.50 to \$60; heifers \$58 to \$60.50
and \$56.50 to \$58. Hogs steady to 25"
higher at \$49 to \$51.50. Kansas City
fed cattle \$2 higher with good and
choice steers at \$59 to \$62.50. Hogs
25-50" higher at \$49 to \$51.50.

Palo Pinto Cattle Co. Simmental Sale June 10, Ft. Worth

Fort Worth - R. R. "Dick" and Carol Carey, owners of Palo Pinto Cattle Co., Mineral Wells, and guest consignor Dale West's M&W Simmentals, Mineral Wells, will host a "Cattlemen's Choice" Simmental production sale in Barn No. 8 at the Fort Worth Stock show grounds here June 10.

Highlighting the offering of 80 lots will be twin purebred heifer calves out of Boni, a cow with calf at side for which \$79,000 was paid in the 1973 Pan American Simmental Sale at Dallas. These outstanding twin heifers are by Extra. There will also be polled purebreds including a set of polled twin heifers by Beat; several bred fullblood females, one fullblood bull; pureblood pairs; three-quarter pairs; bred and open three-quarter females; cows with Brahmental calves at side, and 10 of the very best halfblood cows out of a herd of 200 head, all with exceptionally high performance indexes.

The offering features amongst its reference sires some of the most popular bulls of the breed such as Bismark, Signal, Beat, Abricot, Extra and other top

simms. Carey said that he recently weighed the mature females in his herd and the weights ranged from 1200 to 1400 pounds per animal.

Caroy, a pioneer Simmental breeder and member of a family who have been in the horse and commercial cattle business in Palo Pinto and nearby counties all of his life, said his sale offering includes only one bull, a pureblood, because he has been so successful in selling his other breeding-age percentage and purebred bulls this year. "I sold 50 bulls in one month's time at private treaty on a classified ad in the Weekly Livestock Reporter," he added.

"The Simmental breed has advanced to the stage now where there are enough American purebreds and fullbloods available to provide buyers the opportunity to select for quality at realistic prices, and buy females which can cost and upkeep in a couple of years... and with that in mind I'm putting only cattle in the sale that I'd buy if they were in someone else's sale," he said.

"With all percentages and purebloods, polled, horned and even some Brahmental cattle, I believe there will be something that will work well in any kind of a breeding program, even a com-

Congressional Committee Blasts "Yellow Sheet" Says Prices Fabricated

(CONT. FROM PAGE 1)

men of the House Small Business Committee, said, "the results of the investigation are appalling, with widespread significance for the entire meat industry. We are now about as far from auction block and free market system of transaction in this industry as we can get."

"Chain stores have such a large share

of the retail meat market that apparently they can set the terms for buying that govern the entire industry. A significant proportion buy meat based only upon "Yellow Sheet" prices. All concerned in the multi-billion dollar meat industry are now faced with the fact that prices are being determined noncompetitively, virtually in the upstairs rooms of a Chicago trade publication building, rather than in an open, competitive process."

"The Yellow Sheet", published by the National Provisioner in Chicago, is used by as much as 90 percent of the

meat industry for formula pricing. Under this system, meat is sold for future delivery based on prices quoted by the "Yellow Sheet."

A staff investigation into operations of "The Yellow Sheet" showed:

- * prices reported when there were no sales;
- * prices reported based on a very small percent of the actual sales volume;
- * no prices reported when there were sales.

The investigation was completed following the receipt of "Yellow Sheet" records and working papers which were subpoenaed from the service.

Additional witnesses from the New England Wholesale Meat Dealers Association and the Greater New York Association of Meat and Poultry Dealers, Inc., representing about 20 percent of the entire industry, confirmed that all of their members use the "Yellow Sheet" exclusively as a basis for prices.

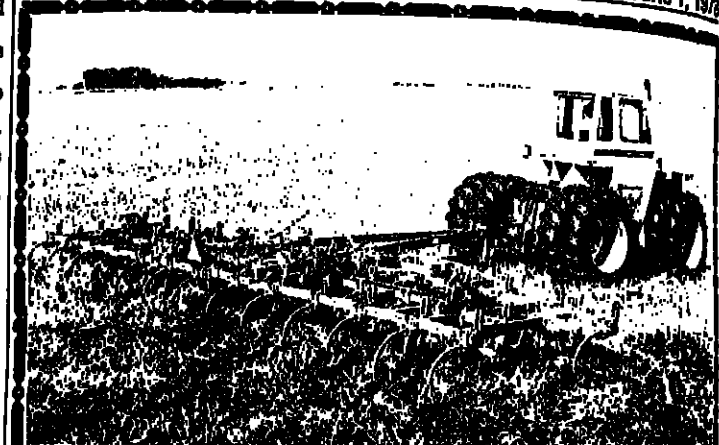

Deven L. Scott, Executive Director of the New England Wholesale Meat Dealers Association, said, "Through the years, certain evidence has indicated that some prices quoted through... the Yellow Sheet... are either manipulated or controlled by groups of packers or individual packers with sufficient purchasing power to create the illusion of a stabilized market when prices are falling; or a weak market when prices are rising."

The result of this, Scott said, is that those using the Yellow Sheet, virtually the entire industry, are being misled; thus creating directly and indirectly, inflationary pressures.

Rep. Smith said further, "There is no question in my mind that this type of price reporting system leaves ample room for manipulation. Additionally, I feel that the system is a factor contributing to the wide spread between prices received by producers and those paid by consumers."

Rep. Smith said there will be additional hearings next month on the inadequacy of a pricing system in the meat industry.

ANGUS

7AN48 Mon Reposa Chaparral

Mon Reposa Chaparral is one of the most complete breeding bulls in America today. He has the ability to sire cattle with style and eye appeal that also perform. His sire, Mon Reposa King 804, qualified under PRI standards as a Certified Meat Sire and is an own son of the Certified Meat Sire, Mon Reposa Big John.

Chaparral can do it all. He'll sire frame, growth, muscle and replacement females.

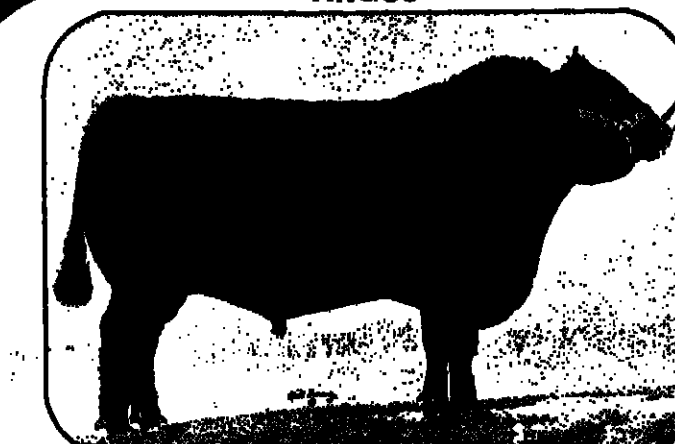

POLLED HEREFORD

7HP27 WP Victor W487 W481
(Gold Seal Sire)

WP Victor W487 W481 is a Gold Seal Sire in the American Polled Hereford program. He is siring cattle that have the ability to grow. His steers are heavy muscled and have the ability to grade choice and the females are feminine and making top brood cows. His progeny and performance data has proven him to be one of the great performance bulls of the breed.

ANGUS

28AN0113 Early Sunset Emulous 60E

Early Sunset Emulous 60E, nicknamed the "Transformer", is one of the tallest bulls in the breed, measuring 59.5 inches at the shoulder. "Transformer" was Grand Champion bull at the 1974 Agribition. He has the ability to sire size, frame, gainability and eye appeal. His sire is the renowned "Big-M", Biffles Emulous 775.

SIMMENTAL

SM48 Abricot

Abricot, from the famous Quenard herd in France, has developed into one of the tallest, longest bodied and heaviest Simmental bulls in North America. His dam Rejane, sired by the great Isadore, is considered one of the top cows of the breed. Abricot is the kind of bull the industry has been searching for. He has the credentials and ability to sire calves that are born with ease and superior to their contemporaries in weaning weight.

Court Ruling Is Citizens' Victory On Invasion of Privacy

(CONT. FROM PAGE 1)

Allan Grant, president of the American Farm Bureau Federation said that Farm Bureau has been most anxious to invoke the traditional constitutional protection against unreasonable searches. "The Court's ruling does just that. We are very gratified."

Since 1971, OSHA has carried out some 400,000 so-called spot checks of farms, factories, and other businesses. Farm Bureau joined with several organizations in support of a test case against the OSHA practice.

The Farm Bureau president said, "It is vital that a man's place of business remain essentially free from government interference. This ruling should, once and for all, put an end to time and money consuming nuisance visits by legions of OSHA inspectors and may serve as a warning to other regulatory agencies."

The American Farm Bureau Federation participated in the appeal as a "Friend of the Court." In support of Barlow's Incorporated, a plumbing,

TEXAS HEREFORD NEWS

Capital Area Hereford Field Day, Program Set June 2 & 3

A large showhouse for the display of Hereford cattle is being planned for the first weekend of June, 1978, in the heart of Texas. Opening the festivities will be the Great Hill Country's Hereford Tour on Friday, June 2. This tour will begin at 8:30 a.m. at Harold Henko's Ranch, Fredericksburg; this stop will be followed by visits to J. D. Jordan's Ranch, Mason; Jack Ebeling's Lazy E Ranch, Round Mountain; and then to Granite Hills Hereford Ranch between Burnet and Llano. This leaves all of those participating in this interesting event in the close proximity so that they might visit the Capital Area Hereford Association's Field Day the following day.

On Saturday, June 3, the Capital Area Hereford Association is having its second annual field day at the AOK Hereford Ranch in Lometa. An excellent program has been arranged. Beginning at 9 o'clock sharp the cattle judging will start with each person participating. This will be followed by a display of Hereford cattle by a large number of Hereford breeders in the Central Texas Area. Lunch will then be served. It is worth the trip just for the meal as the barbecue is delicious.

The afternoon program consists of four outstanding speakers. Cyril Ludwig, American Hereford Ass'n. Headquarters, Kansas City, will speak on the Herd Sire Evaluation Program recently instigated by the A.H.A. Dr. Tony Sorokan, Texas A & M University, will speak on female development, replacement, and selection. Dr. Bob Church, Calgary, Alberta, Canada, will speak on merchandising. Gene Weiss, associate of Weiss and Sons, Manning, Iowa, former President of American Hereford Ass'n., will project the cattle industry into the future.

The Capital Area Hereford Association is very proud of this program that has been arranged and would be most honored if you would join in the sharing of it. Please, plan now to attend our field day.

There is about a billion acres of non-cropland in the United States.

Neches River Sets Brahman Production Sale For June 9

Jacksonville, Texas — The First Neches River Ranch Gray Brahman Production Sale will be held Friday, June 9, 1978. Sale time is 1:00 p.m. at the ranch at Jacksonville, Texas.

Selling will be 100 Gray Brahman Females, all bred or with calves at side, including many three-in-one packages. These females are bred to JDH Hemultz Manso 216/1, the top Neches River herd sire, or to Mr. Neches 40, a grandson of this great "229."

Also selling will be 25 herd bull prospects or top commercial bulls. The offering represents the results of many years of selection of top Brahman females and herd bulls to produce the best possible type of Brahman herd.

For information contact Neches River Ranch, Box 1108, Jacksonville, Texas 78016, John H. Watson 512/563-2740, Manager, 214/586-5675 home, or 214/586-2981 unit 2625 mobile; or 5694.

Stuph & Thangs

(CONT. FROM PAGE 1)

entrapped an astounding number of Texas voters. You all recall in the last general election Texas voters sat a completely unqualified candidate on the State Supreme Court when they were tripped up by the Name Game. Yarbrough and Yarbrough have been respected names in Texas politics for a long, long time as we have had Sen. Ralph Yarbrough and highly respected Don Yarbrough a one-time governor candidate, as well as many other good Texans named Yarbrough or Yarbrough in public service. So, when a Houston lawyer named Don Yarbrough sought the Court seat he benefited from name identification and has since been unelected and convicted or purjury.

Once again the voters have made a big mistake in our opinion, since they put Jerry Sadler in a runoff for the Rail Road Commission again John Poerner, the sale manager, Watson Cattle Service, Rt. 1, Box 91, Devine, Texas 78016, John Watson 512/562-2740, or Don Blackwell 214/586-5694.

Poerner is now on this extremely important body and according to everyone who knows has been doing an outstanding job because in his knowledgeable about all the gas and this is the regulatory body that controls this most vital business in Texas. However, Sadler is a familiar name to most Texans and they in most cases may not recall the trouble Jerry Sadler caused as State Land Commissioner. These activities ranged from physically attacking a newsmen, trying to choke him. A drunken treasure trove as well as keeping the land office in turmoil and failure to cooperate with the Legislature in such rank fashion that they took the most unusual step of passing a resolution of Censure. He bashed a news photographer in the face with his own camera, was sued by IRS for \$125,000 in unpaid taxes and eventually paid \$8,700 and was declared bankrupt in 1972 to the tune of \$500,000.

We feel sure that John Poerner himself will be among the first to admit that in a name recognition game with almost anybody, he is a sure loser. However, should Texas voters again fall prey to the Name Game in the runoff for the Rail Road Commission it would be on par with the horrible mistake they made in the Supreme Court contest. As we pointed out, we don't believe

in endorsing political candidates, so please forgive us as we dis-endorse Jerry Sadler and we hope you will study his track record before you vote next time.

Ever thine,
The Editor.

P.S.: Uncle Dunk notes that the Carter Administration pulled out all the stops in testimony again the proposed Meat Import Law changes. USDA, M. Peterson, Carter's consumer adviser, people from Bob Strauss Special Trade offices and even the Wage & Price Control blasted the proposal. Reason: Carter wants to hold the power of life or death of the beef business in his fist by being able to open the door for a flood of foreign meat. Dunk says one of the things needed is a strong push to force Japan to open its door to U.S. beef imports. At the recent Osaka International Trade Fair the U.S. Meat Export Federation had to have police help to control mobs of Japanese wanting to buy some of their beef. Prices of \$5.91 and \$7.87 for chuck rolls and tenderloins, respectively, sound high. But the Japanese beef equivalent costs \$15.75 to \$24.88 per lb. Maybe we ought to impose some quotas on Japanese autos, steel and electronics.

Don Nelson Is New Charolais Executive

(CONT. FROM PAGE 1)

operations officer, for a large integrated cattle and land company in California. He will assume his new duties about June 15.

He succeeds Steven Blumenthal who has served as the acting association administrator for the past several months, following the resignation last fall of Dr. J. W. Gossett.

In announcing the appointment, Wesen said Nelson brings a strong combination of management, technical and academic experience to his new job. Nelson had served as general manager of agricultural operations for Richey Ranch Co., a Los Angeles-based diversified family corporation. He supervised a 2,000-head cow-calf operation; a 5,000-head stocker operation; and a 3,500-head backgrounding and finishing enterprise while supervising about 25,000 acres of rangeland.

ROOF COATINGS

Old roofs of composition shingles
& old cedar shingles, can be ex-
tended many years. Anyone can
apply by brush. M.A. BLACK is a
mineral asphalt that dries in 30
minutes. Being thin, it penetrates
the cracks and can, by itself, stop
most leaks. Not a tar. T.M.
WHITE is a white coating devel-
oped especially to be brushed over
the old roof. Either may be used
without the other. Best recomen-
dation is that the M.A. BLACK be
applied and then two coats of T.M.
WHITE. This very permanent re-
pair, at a cost of less than a new
roof. The white surface contrib-
utes much to cooling in summer.
This is our 28th yr. Write for our
catalog. We ship same day order is
received.

For Sale - 100 Top Commercial Cows Bred to Fullblood Simmental Bulls To Calve in the Fall.

These cows have produced this year the second and third place pens of 20
head, and third place pen of 10 head of steer calves in the first special "Top
Dollar" feeder calf show and sale at Fort Worth Stockyards on May 25.
These calves brought an average of \$316.10 per head. This was the bot-
tom-end of our steer calf crop, raised on no creep feed, with the top end
having been sold as show steer prospects at more than \$500 per head.
The heifer mates to these steers have been sold as replacement females.

THE CALVES OUT OF THESE COWS WILL BE REGISTERABLE AS
HALFBLOODS IN THE AMERICAN SIMMENTAL ASSOCIATION.

Kimbell MEDICATED FEEDS ARE MONEY MAKERS

It goes without saying that no program or type of feed can guarantee a profit on a particular set of livestock. However, it is possible to guarantee that with proper management a feeding program will make livestock more valuable — better money makers.

KIMBELL Medicated Feeds Are Designed to Improve Animal Health and Balance Nutrition

This type of program improves the appearance, gives livestock the "good doing" look — this convinces your buyers they are "worth more."
